August 27, 1923

Dear Sir:

This office is conducting an inquiry into National Wealth and Income, pursuant to Senate Resolution 451, 67th Congress, 4th Session. It desires to secure in this connection as complete statistics as possible of the property of various kinds, including endowment funds, owned by all educational institutions (including libraries) and by religious, benevolent and charitable organizations in the United States.

Will you, therefore, kindly send to this office at your earliest convenience, a copy of your treasurer's report for the calendar year 1922 or your fiscal year most nearly corresponding thereto. If convenient to send reports for earlier years, these will be useful for the purpose of making a study of the growth of endowments in recent years. Any other data which you can furnish on these subjects will be appreciated.

An addressed envelope and franks, which require no postage, are enclosed for your use.

Very truly yours,

FEDERAL TRADE COMMISSION

Otis B. Johnson
